Your favourite videos yet:

Let's produce your next video or video series and exceed your expectations for what's possible: Here at Venus Point our packages can be tailored to your exacting budget and vision.

People love watching videos and there is no better way to convey your message. Inspire your own loyal client base into action and reach new audiences with the Venus Point team by your side.

Our production team consulted creatively to productions including *The Predator*, *Mission Impossible 2: MI-2*,. Australia's ABC, National Geographic Channel. We've worked with clients including Microsoft and Vodaphone Australia. We've built web communities from the ground up like the Screeners Club that incorporated the internationally subscribed Screeners Filmmaker Interview Video Series.
